Description:

This special Call for Innovation (CfI) is a program focused on solving real-life problems with the intervention of HCi. This program is designed to provide the SC community innovators, researchers, and technology enthusiasts who are passionate about translating their ideas into productized solutions for industry adoption. The applicant may be a startup or from academia, or from the mainstream industry in the area of HCi. HCi is the confluence of Computer Science, Industrial Design, and Cognitive Science.

Eligibility Criteria:

- Start-ups with an innovative HCi-based idea/solution.

- At least one of the members/co-founders should belong to SC community or should hold a 51% stake in the startup.

If you're disrupting area of HCi in the following domain areas, we want to hear from you!

- **Assistive Technologies (including BCi)**: Access & technology usage, regardless of their abilities

- **Device-Led Technologies**: Usage of device features and capabilities to enhance users' intuitive interaction

- **Experience Technologies:** Making technology usage functional & enjoyable

- **Generative AI:** Reshaping application interface & computational processes and capabilities

Why Apply for CfI?

- Funding: Secure up to **INR 1 Crore** to fuel your startup's growth.

- Mentorship: Gain insights from industry experts and seasoned mentors.

- Networking Opportunities: Connect with a diverse ecosystem of investors, fellow entrepreneurs, and potential collaborators.
