

Memorandum of Understanding (MOU) for Establishment of a Cooperation Hub with Excellent Overseas Research Institutions

Hanyang University Industry-University Cooperation Foundation and the Indian Institute of Technology Mandi (hereinafter referred to as "the two institutions") hereby enter into this Memorandum of Understanding (MOU) in relation to the "Establishment of a Cooperation Hub with Excellent Overseas Research Institutions" project supported by the Ministry of Science and ICT of the Republic of Korea, as follows:

Article 1 [Purpose]

The purpose of this MOU is to strengthen research and development cooperation and promote mutual advancement through joint research and personnel exchanges between the two institutions.

Article 2 [Areas of Cooperation]

The areas of cooperation under this MOU are as follows:

1. The two institutions shall cooperate to produce excellent research outcomes in the course of implementing this project.
2. The two institutions shall cooperate in the joint utilization of outstanding personnel generated through the project.

Article 3 [Methods of Cooperation]

The two institutions shall cooperate through the following methods:

1. The establishment and operation of a Joint Research Center with the aim of generating outstanding research outcomes and fostering a close and systematic collaborative relationship.
2. Strengthening capabilities through active joint research.
3. Providing opportunities such as internships and field training for project participants.
4. Promoting personnel exchange through joint seminars and workshops.
5. Active exchange of research outcomes.
6. Continued utilization of the network and ongoing collaboration.

Article 4 [Confidentiality]

The two institutions shall not disclose or provide to any third party, nor use for purposes other than those stipulated in this MOU, any information acquired from the other institution through mutual exchanges.

This MOU shall take effect from the date of signing and shall be prepared in two copies, with each institution retaining one copy.
